3.4.2. Awards and recognitions received for extension activities from government / government recognised bodies

National Service Scheme (NSS) is one of the major national programmes of the Government. It aims at personality and character development of the students through voluntary community service. There are 400 NSS volunteers in our college every year.

Special Camping forms an integral part of National Service Scheme. It has special appeal to the youth as it provides unique opportunities to the students for group living, collective experience sharing and constant interaction with community.

NSS units adopt a village or group of villages/urban slums for intensive social development, where special camps are to be organised by them. The NSS Unit aims at the integrated development of the area selected for its operation. It is ensured that part of the programme involves manual work like Cleaning of village ponds, Plantation of trees, etc.
